

FloraPulse Co  
720 Olive Dr Ste E  
Davis CA, 95618  
(607) 232 – 9244

To whom it might concern,

FloraPulse is the only manufacturer of microtensiometer probes for measurement of water potential in woody crops. No other company, in the world, can manufacture this product. We are also the only distributor of FloraPulse products for Italy, and responsible for the implementation of commercial policies and the application of warranty clauses

Thank you,

A handwritten signature in black ink that reads "Michael Santiago". The signature is written in a cursive, flowing style.

Michael Santiago  
FloraPulse CEO
